

## WATER Ice Packs

-  100% Natural
-  Drain Safe
-  High Quality Material
-  Food Safe, Non-Toxic
-  Soft Plastics Recyclable Film

Thermogard now produces Water Ice Packs, a 100% natural, drain safe option.

Thermogard continues to bring new innovative and sustainable products to the market, with the latest being a 100% Water Ice Pack.

Manufactured here in New Zealand and encased in high quality Thermogard soft plastics recyclable film, Water Ice Packs offer a sustainable option that will allow you to keep your product fresh and alive, whilst giving your customers peace of mind.

# VARIATIONS

Variation	Description	Configuration
